

Productsup is a tech company that revolutionized the way in which product data was being handled. We provide the most efficient and user-friendly software to manage and optimize product data. Our cloud platform helps online retailers and marketing agencies structure, automate and optimize large product data feeds for the most popular online shopping and marketing channels across the globe.

We're a fast-growing, innovative firm that was founded in 2010. The extraordinary and dedicated team has turned Productsup into a global player. **This is your chance to become part of our success story.**

**Team:** 25-30

**Markets:** Global

**Offices:** Berlin + San Francisco

### Job description:

Your primary function will be to nurture the relationship with our client accounts. You will also be required to support management with planning, implementation and optimization of key accounting projects. You will gain direct insight into the organization and its conduct of our business processes. With plenty of room for creative ideas, you will support our team in their daily work, learning to solve diverse and complex tasks. In short: You learn something new every day!

### What you bring to the team:

- You are a registered student (m/f)
- Fluent in German and English
- Open to and interested in the Internet and Social Media
- You have some experience in IT
- A strong structural and client-oriented thinking pattern
- You are not afraid to take personal initiative and have a dynamic working style

### What we offer you:

- Fair and attractive salary
- Modern workplace in the heart of Berlin
- High level of personal responsibility
- Open communication with a flat hierarchy
- A highly motivated, international and dynamic team
- Regular team events
- Drinks, fresh fruit & snacks daily
