# productsup

Productsup is a tech company that revolutionized the way in which product data was being handled. We provide the most efficient and user-friendly software to manage and optimize product data. Our cloud platform helps online retailers and marketing agencies structure, automate and optimize large product data feeds for the most popular online shopping and marketing channels across the globe.

We're a fast-growing, innovative firm that was founded in 2010. The extraordinary and dedicated team has turned Productsup into a global player. **This is your chance to become part of our success story.**

**Team:** 25-30    |    **Markets:** Global    |    **Offices:** Berlin + Munich + San Francisco    |    **www.productsup.io**

# Senior Developer (m/f) Berlin

Have you got what it takes? We'd love to hear from you!

Send your application to:

VP Engineering
rf@productsup.io

## Job description:

As Senior Developer it will be your designated responsibility to develop infrastructure, apps and modules for our Productsup platform. In doing so you are supported by millions of product specifications, a strongly scalable server infrastructure and a team of highly talented developers. Most importantly you have room for your individual solution processes.

## What you bring to the team:

- Very good programming skills with minimum five years' work experience
- Very good knowledge of PHP including OOP concepts & relational databases
- Very good knowledge of Javascript and JSON
- Practical experience with Frontend-Trends on top of HTML5, CSS3
- Experience with Linux and PHP on the command line (CLI)
- Motivation to dive into large code bases to find/fix issues
- ZEND framework knowledge is a plus
- Daily use of Git
- Excellent English skills, both written and verbal

## What we offer you:

- Full-time job with a fair and attractive salary
- Modern workplace in the heart of Berlin
- High level of personal responsibility
- Open communication with a flat hierarchy
- A highly motivated, international and dynamic team
- Friendly coexistence of Linux, Windows and Mac ;)
- Regular team events
- Drinks, fresh fruit & snacks daily
